

DR. Nielson,

I just wanted to say
THANK YOU! I cannot begin
to describe the difference I
have already experienced
just a week after surgery.
I don't think I truly realized
just how much anxiety I
was carrying around until
it was gone. I feel like a
new person & I can't wait
to start jumping head first
into situations I would have
shied away from before. You
& your staff were wonderful!
- I couldn't have asked for
a better experience! And
thank you again for further

lowering the cost of the
surgery - my parents had
to go into their retirement
to help me out with this,
and it made a big difference -
it was very kind & generous
of you. I would be more than
happy to talk to any potential
patients or write a testimonial
on what a positive, life
changing event this has been.

A thousand thanks for everything
Sincerely,
